OUR SERVICES

We offer innovative and customized solutions to meet the unique needs of our clients, ensuring excellence and lasting results.

AIR FREIGHT SERVICES

Melo Consulting & Logistics, provides a worldwide network for all of your air freight needs. With our freighter connections to main and transit airports, shipments with larger dimensions and weights can be moved easily. With our extensive knowledge in handling air freight services and operations, we can provide our customers with complete shipment information and updates.

We are capable to move single or complex shipments by air, at any time, to any destination. With our network worldwide, we can manage and monitor your freight from loading at your supplier to unloading at your client.

DG HANDLING

The IMDG (International Maritime Dangerous Goods) code is a set of rules and regulations that have set an industry standard for safely practicing the movement of Dangerous Cargo through international territories. OOCL follows the IMDG code stringently, taking proactive measures to protect the environment while carrying these dangerous goods.

The IMDG Code is broken down into the nine different classes. Under OOCL policies, we carry the classes listed below. Should you have any questions regarding D/G acceptance, please contact one of our customer service representatives

SEA FREIGHT SERVICES

Melo Consulting & Logistics offers a complete range of sea freight services as per requirements. With options ranging from smaller consolidated LCL shipments to large FCL shipments and long standing dealings with all global sea freight carriers, you will get your product where it needs to be.

SEA FREIGHT - KEY CARGO SERVICES
